

## The Dye's Deputation Journey

\*\*\*\*\*

### December 2023 - February 2024

We just wanted to start off by saying that we ended the year 2023 surrounded by family. We enjoyed some much needed time off regaining our strength from sickness, as well as resetting our goals for the new year 2024.

In January, we were able to celebrate Joel's 30th birthday, and we visited several churches in North and South Carolina. Although we only had one meeting at the end of January, we were able to fill up most of February and March.

In March, we'll be heading out on a month-long journey where we'll visit Georgia, Tennessee, Missouri and Texas! We're very excited to be getting on the road.

We do ask for prayers for our van though. The last couple months, we've had to take it to the mechanic for a noise that keeps coming up in the engine that we still haven't figured out how to fix. We were told it shouldn't leave us on the side of the road, and with God on our side, we don't think it will.

We are currently at 67% and hoping to reach our goal before the summer. The children are doing great! They enjoy making friends at every church we go to. We went soul winning today as a family, and Elizabeth and Henry helped us pass out some tracts. For some reason, people like receiving items from children more than adults. We continue to pray that

the Lord still allows us to be in Uganda this year.

Thank you for all your prayers and support. Please let us know how we can pray for you specifically. We love you in Christ.

### PRAYER REQUESTS:

- ❖ Please pray for our van to remain in good condition while on the road.
- ❖ Pray for more meetings to fill up our calendar so we can advance our support enough to be in Uganda in 2024.
