

The Dye's in UGANDA

January to March 2025

We have arrived on our field of Uganda and we could not be more excited. Thank you for praying for our trip and our boxes/luggage. The children did wonderfully on the flights, and all of our boxes made it to the airport. Only one

box took an extra week due to the holiday season and travel time, but we have all of our things with us

now. We made it right before Christmas, as previously mentioned, and we were able to find a house for us and move in on January 4th! In the month of January, we had our Uganda Field Conference where we got to hear good preaching, have great fellowship, and we were able to glean knowledge and

advice from veteran missionaries who have been in Uganda and the surrounding countries. In February, Joel started teaching Old Testament Survey in the Bible College, and we also began helping in the teen ministry. Joel has been teaching the teen Sunday School every week. We both have also been able to interpret during service times already, and we have enjoyed getting to know the deaf people in the church as well as the other church members. Our

children have loved making friends that we hope they will keep for many years to come. It's been a busy 3 months, and we are still trying to get our house settled and getting accustomed to a new routine. We have loved taking our children out every Saturday for soulwinning, and they have thoroughly enjoyed handing out tracks to people walking by on the street. It has been such a blessing to see our family love being in Uganda, and getting to make a home in the place where God called us to come years ago.

We are currently working on getting our work visa, Lord willing before the end of this month. We are also planning on starting classes for Ugandan Sign Language once the next semester begins. Please help us pray for these next few steps in our journey, and

thank you for all you have already done for us to help get us to where we are. Thank you for praying for us.

PRAYER REQUESTS:

- ❖ Getting our work visas before March 23rd.
- ❖ Starting classes for Ugandan sign language in the next semester.
- ❖ Being able to make a good connection with the teens and the deaf in our church. ¹
